14 June 1977

MEMORANDUM FOR THE RECORD

SUBJECT: Transfer of OTS Position EE-47 from DDS&T to DDA/OC (U)

1. (C) Discussions were held 13 June with [] Chief, Support Staff, OTS regarding a second communicator position for South Building and the transfer of the existing position to the DDA/OC.

2. (C) Chief, [] explained that action has been taken to request an additional communicator's position and when approved would result in one position being under DDA cognizance and the other under DDS&T cognizance. It was recommended that the existing position be transferred to DDA because it was the desire of PMCD to have both positions under the control of a single Directorate and the DDA/OC would be responsible for providing any additional communicator positions due to increased workloads.

3. (C) [] agreed to the transfer of position EE-47 effective 1 October 1977 (FY-1978).

4. (U) This subject was discussed with [] Chief, OC-S/AD, Support Section on 13 June.
